

# Proposed Development in Denmead

The next development proposal to affect our local area is likely to be an infrastructure project led by AQUIND Limited.

**Area of  
Denmead  
Affected →**

The concept, according to AQUIND, is that by connecting the French and UK grids both countries can balance supply and demand by reducing the risk of loss of power. It is estimated the Interconnector could become operational by 2022.

For further information, go to AQUIND: [www.aquind.co.uk](http://www.aquind.co.uk)

[APLEAL - Action to Protect the Living Environment Around Lovedean/Denmead](#)

A group of residents in Lovedean and Denmead have formed a new action group to oppose the proposed Lovedean Substation and AQUIND Developments. For anyone wishing to join the action group or would like more information, email APLEAL - [apleal2018@gmail.com](mailto:apleal2018@gmail.com)
